AFTERNOON GATE PROCEDURE

Parents please be reminded that as of Monday 8th April, 2019 we will be trialling a new end of day procedure.

Gates will remain locked until 3:15pm. Your children will be walked to their exit gate by a supervising teacher, who will unlock the gate and dismiss the students. Anyone wishing to enter the school prior to the 3:15 bell must enter through the front gate and sign themselves in at the office.

Parents wishing to use the "parent pick up" area are welcome to enter the school grounds at 3:15 once the teacher has unlocked the gate. Your child/ren will be waiting for you at the NEW Parent Pick Up area with a supervising teacher. PLEASE NOTE the new parent pick up area is the seated area next to the handball courts.

The procedure has been amended due to community concerns about student safety. If you have any suggestions around improving the changes we would love to hear from you.

Principals: Ian Lamph and Debbie Bower

Teacher in charge of Activity: Erin Gibbs
